

St. Stephen's
College
at the University of Alberta

Your Learning Process

SUPERVISION

Clinical

Research

COURSES

Initially there is an emphasis on coursework, especially the completion of requirements for starting practicum placements

PRACTICUMS

Moving from theory to practice;
Learning by doing;
Engaging Clients.
Several locations, moving from basic to more advanced skills levels

THESIS / CAPSTONE

Can be in mind from the beginning of the program; focus can get clearer over time. During practicum, it may be possible to engage in your thesis work (e.g. clarify topic or method)

PERSONAL THERAPY

COMPLETE ALL REQUIREMENTS

CONVOCATION

A day of celebration with an opportunity to present your research and celebrate your accomplishments
