4th Annual Chancellor's Gala a huge success!

September 30, 2011 saw the College celebrate the Fourth Annual Chancellor's Gala at the Sutton Place Hotel in Edmonton. It was a wonderful night of dining and dancing. New friends and old friends joined in the festivities. An energized game of *Heads or Tails* infused the ballroom with waves of laughter as the suspense heightened. Lively bidding on items in the auction room increased the fun. Some guests danced the night away to the music of the C-Jam Big Band, and a good time was had by all.

The goal of the Gala shifted from that of previous years. The first three galas raised funds for the Accessibility Project which was completed in the summer of 2011. The funds raised from the Fourth Gala were targeted to help meet needs in education, infrastructure, and endowments.

Recognizing that we can only do great things when we work together and in appreciation for the community's support of the College, we decided to "Reach Out". For that reason, two stations were set up in the silent auction room at the Gala, one for donations to be shared with Bissell Centre and the other for donations to be shared with The Mustard Seed Church. Our connections with those two organizations include the conferring on Shelley Williams, immediate past Executive Director of Bissell Centre, an honorary degree in 2008, and The Mustard Seed as a practicum site for one of our students.

Thank you to all those who purchased tickets or tables for the Gala, donated silent and live auction items, and sponsored parts of the event. We are grateful to Hole's Greenhouses' sponsorship for the beautiful table centre pieces, and to TBJ Partners Event & Productions Management for their work and support. We look forward to the continued enthusiastic support for this important fundraiser.

THANK YOU, MONA-LEE! We recognize with great appreciation the work of Gala Committee Chair, Dr Mona-Lee Feehan who contributes so much to the success of our Chancellor's Galas. (Photo: Mona Lee Feehan with husband, Kevin Feehan, Chancellor of Newman Theological College).

Save the Date: Our 5th Annual Gala will be held on Friday 28 September 2012

Chancellor Allan E Scott Wins City of Edmonton Citation Award

Chancellor of St Stephen's College, Allan Scott received a 2011 Arts and Culture Citation Award for his tremendous impact on visual arts in Edmonton. As Chair of the Board of the Art Gallery of Alberta (AGA), he led a team that raised 90 million dollars. The gallery provides a world-class museum-standard facility for Alberta artists, the Canadian arts industry, and the community. Allan accepted this award in honour of the whole team at AGA and thanked everyone for their support in the project. Congratulations, Allan!

Celebrating our Alumni

Pierrette Requier:
A Multi-faceted
career in Poetry
and Private Practice

A former teacher, Pierrette Requier (MTS, 1998) entered the program "out of frustration and desperation...and a need for change." She declares that her first course, Feminist Theology, "exploded me back into a thinking life, and helped me discover the role of an embodied, soulful spirituality." Pierrette's studies led her to research the possibility of transformation that comes about from the practice of rituals, and the result is her thesis: "Rituals, Consecration, and Healing: An Exploration of Women's Experiences of Self-Made Rituals as Transformative."

In the years following her graduation, Pierrette developed a private practice initially including pastoral counselling and ritual work, the latter involving organizing and officiating at celebrations based on a psycho-spiritual approach for significant times such as birth and loss.

Her multi-faceted career also includes mentoring writers, writing and performing poetry, and a cranio-sacral practice. Pierrette, facilitator of the Wind Eye Writing Seminars, has extensive involvement with the Edmonton poetry and arts community. She recently published, *details from the edge of the village*, a book of poetry "about the formation of self." Her poems are included in *Storm Chaser: Canadian Prairie Skyscapes* by Ian Sheldon, launched in 2011.

Kathleen Johnston:
New MPS Committee
Convenor Publishes
Two Books

Kathleen Johnston (MAPPC, 2003) works in Edmonton as a counselling therapist and career coach specializing in supporting women searching for work that will bring meaning to their soul. She graduated from the Master of Arts in Pastoral Psychology and Counselling (MAPPC) Program and is currently Convenor of the Master of Psychotherapy and Spirituality (MPS) Program Committee at St Stephen's College.

Consider this definition of "career" —A lifestyle concept involving the cycle of work, learning and leisure activities in which a person engages throughout a lifetime. Careers include how individuals create harmony between their paid and unpaid work and their personal life roles.

A Woman's Career Legacy highlights the stories of eight remarkable Alberta women, each at the height of her professional career. Each woman's story is a parable for career success as she creates a truly extraordinary life. The book is also a journal, inviting the reader to create a legacy for those she loves.

A companion book *A Woman's Career Diary* is also available. This book contains 18 topics relevant to today's younger women, along with ample journal pages for personal reflection. Both books are available for purchase from Kathleen's website: <http://www.kathleenjohnston.com>.

Rev Dr Dermott McInnes was ordained in 1931 and recently celebrated 80 years in ministry in the United Church. He was awarded an Honourary DD by St Stephen's College in 1975. Dermott passed away on Monday 20 February 2012 at the age of 104. We are pleased to publish this poem, received from Dermot last Thanksgiving.

DEEP IN OUR HEARTS

A Poem for Thanksgiving

Deep in our hearts is the longing to give thanks
we did not choose to be upon the earth
human life is not an accident
it is a gift from sources beyond our knowing
we are thankful for the privilege of being

We are part of the wonder of creation
set amidst the flowers the fields and the forests
at home when the sun rises and sets
in all the changing seasons of the years
we are thankful for the privilege of living

We are part of the human race
we are involved with others in the struggle
there is no assurance of safety or success
yet midst the dangers and delights
we are thankful we do not walk alone

Among the multitudes who surround us
with their myriad of personal aims and goals
are family members friends and others
who are helpers in our daily round
we are thankful for their assistance on the way

We may choose to find life's treasures
with those in high places and in low
who aim to bring a fullness to the world's deprived
the hungry the homeless the broken and rejected
we are thankful to be in that compassionate group

Deep in our hearts is the longing to give thanks
for the Life from which we spring
the Love which guides our steps
the Light shining on our darkest days
we are thankful for the Heart that will never cease
to breathe

Accessibility Project Complete!

Dr Earle Sharam, Dean and Principal; Rev Dr Gordon Oaks, former Chancellor and founder of The Accessibility Project; and Dr Margaret-Ann Armour, Chair of the Board of Governors, cut the ribbon to officially open the Accessibility Ramp. On the right: Rebecca Freeland-Hebert (BTS, 2011) celebrates with us as she and her daughter wheel down the ramp.

It was a decades-long dream, to find a way to bring people whose physical limitations prevented them from using the stairs into the St Stephen's College building, but there was never enough money to take on such a major project. Finally, after three years of targeted fundraising including the annual Chancellor's Galas, the dream was realized in the summer of 2011.

The first Gala was held on 12 September 2008. Then Chancellor, The Rev Dr Gordon Oaks, and The Friends of St Stephen's College championed the cause and the support was tremendous. About 300 people from the College, the church and the community celebrated at the Sutton Place Hotel in Edmonton. Subsequent Galas in 2009 and 2010 raised most of the funds necessary to proceed with the renovation to the lower level of the building.

Don Wheaton's major sponsorship of those Galas contributed greatly to their success.

Donations from individual supporters, grants from the Alberta Government's Community Spirit Program, and grants from The Thrift Shop (St Andrew's United Church, Spruce Grove) completed the fundraising. Construction by Clark Builders began in December, 2010 with the interior renovations. Outside work started in the spring of 2011.

On 9 September 2011, the College community celebrated the grand opening of the renovated College building. A ramp from the west lawn to the lower level west door of the building provides access to classrooms, a new washroom with space to accommodate people in wheelchairs, and two offices. On the west lawn a new patio area was laid out in cobblestones. We could not have accomplished such a major project without our loyal and generous community of supporters. Our heartfelt thanks go out to all of you!

Congratulations!

Rev Dr John Henry Weinlick (DMin, 1982) was awarded the Reverend Marilyn McClung Memorial Award for Ecumenism for inspiring the *No Room In the Inn* program which supports a variety of groups that provide housing for inner-city people in need.

Congratulations to **Rev Ross L Smillie** (Associate Faculty) on the publication of his book, *Practicing Reverence: An Ethic for Sustainable Earth Communities*, (Kelowna, BC: Copperhouse, 2011). Ross is in ministry at St Andrew's United Church in Lacombe, AB and teaches "Living With Respect in Creation: Ecology, Ethics and Theology in Dialogue" at St Stephen's College.

Lori Stewart (MTS, 2007), College and Community Relations Coordinator for St Stephen's, received her certificate of completion from the Pacific Jubilee Program for Spiritual Direction (Year II).

If you are an alumnus/a of St Stephen's, we would be glad to let the College community know what you've been doing! Send us an update by email at st.stephens@ualberta.ca for inclusion in a future issue of *The Stevite*.

Engaging Men and Boys in Learning and Leadership

WITH DAVID HATFIELD

22 May 2012, 1-4pm

23 May 2012, 9am-4pm

24 May 2012, 9am-Noon

Register by 11 May 2012

Maximum: 30 students

Cost: \$375

Educators, parents and churches have noticed the disengagement of boys and men from learning and leadership environments and opportunities. This experiential workshop responds with skills that are specifically attuned to male culture. In a fun and respectful environment, we'll explore male identities, male studies, rites of passage, male-specific conflict transformation skills, fatherlessness, mentorship, males and spirituality, and the roles of both females and males in better engaging boys and men.
