Full Name of Student	
Student Program	

Transfer credit refers to the formal transfer of credit for a course(s) that has been earned outside of the program. Transfer credit may be granted to applicants who have completed courses at a recognized degree-granting institution. **Students applying for approval of transfer credit must complete a Transfer Credit Request form and forward it to Department Chair for approval;** it will be forwarded to the Registrar's Office for processing and a transfer credit statement will appear on the student's transcript. The amount of transfer credit granted will depend on how applicable the previous course work is to the particular program applied for, and in no case is a student permitted to transfer more than half of the total course or other credits required for their program from another institution. Courses approved for transfer must have a minimum grade of 66%, and must not have been used as part of the basis for admission to the program. Transferred courses must not have been taken as part of any previously awarded degree, diploma or certificate, with the exception of co-requisite requirements. Courses used for transfer credit should be no older than three years in the area of specialization or five years outside the area of specialization; however, acceptance of individual transfer credit will be at the discretion of the Department Chair. **Masters students may not transfer for credit any undergraduate courses in their field of study and/or area of specialization to satisfy the core program requirements; however, in some instances, a senior undergraduate course (300-400 level) may be transferred in to satisfy one elective requirement,** with the permission of the Department Chair. **Doctoral students may not transfer for credit any 500-level courses in their area of specialization; however, in some instances, a 500-level course may be transferred in to satisfy program requirements,** with the permission of the Department Chair.

Students should submit the transfer credit request after formal application to the degree or certificate program has been made, and arrange for official transcripts to be sent directly to the College. Evaluation of transcripts and other application documents will be conducted prior to the admission interview, and a list of courses approved for transfer credit will be provided to the applicant. Students currently enrolled in a St Stephen's College program and who wish to transfer credit to their program for course work at another institution, should request permission from their Department Chair **prior to enrolling in the course in question.** In order to receive credit, upon completion of the course an official transcript must be forwarded from the institution directly to St Stephen's Registrar's Office.

NOTE: official transcripts are not required for University of Alberta credit courses offered through St Stephen's College via the Faculty of Arts (course numbers beginning with CHRTP), and INTD577.
